Alfa 155 V6 Ti

DMT winner 199

#8 - Nicola Larini

Alfa 155 V6 Ti

Alfa Romeo introduced its 155 DTM model with 420 bhp and four-wheel drive in 1993, immediately outpacing the more conventional rear-wheel drive Mercedes 190E.

This model celebrates the 1993 DTM Championship victory of Alfa Romeo and its factory driver Nicola Larini. To date, the Alfa Romeo 155 is the only non-German car to win a DTM championship.
